## THE TRADITION CONTINUES...

## PRESIDENT'S MESSAGE

*The Windsor Slovak Rozmarin Dance Group was formed in 1973 with 35 young girls and boys as dancers and Miss Cathy Dobias as their choreographer.*

*The Windsor Slovak Rozmarin Dancers have continued the tradition to this day. Through the years, Rozmarin has contributed much to our community. Hundreds of Slovaks have been its members, learning and preserving Slovak folklore. As mentioned, this is the 35th season of our continued Slovak presence in Windsor. During these many seasons, Rozmarin has represented Windsor across Ontario at festivals and other occasions. They have had hundreds of performances for Slovaks and non-Slovaks alike. They have also represented us in Michigan, Pennsylvania, Quebec and Florida. Rozmarin has also visited and performed in Slovakia on two separate occasions.*

*Within Essex County, Rozmarin has shared the Slovak culture in many ways. One avenue has been participation in multicultural activities such as Carrousel, Expo and Heritage week. Rozmarin has performed at Public libraries, Community Centers, Nursing Homes, Schools and at other local events. This is just a glimpse of the magnitude of Rozmarin's contribution.*

*The Windsor Slovak Rozmarin Dancers are an independent, self-supporting, non-profit organization. They are proud of their heritage and share it in song and dance. May we continue the tradition together for at least another 35 years!*

*On behalf of the dancers and parents of Rozmarin, I'd like to extend a warm welcome to all of you this afternoon. Thank you for joining us today to celebrate both Mother's Day as well as the 35th anniversary of Windsor Slovak Rozmarin Dancers.*

*The Windsor Slovak Rozmarin Dancers were established in 1973. The group's foundation was based on the dreams of newcomers to Canada, hoping to carry on their tradition and culture. Through the years Rozmarin became not only a dance group, but also a group of friends and dedicated families who strive to preserve the Slovak heritage in order to pass it on to the young generation and to introduce it to the Windsor community and beyond.*

*Today, as in the past, the role of the group is to promote the Slovak identity and culture through song and dance. We are extremely proud of our young dancers and extend a special 'thank you' to the teachers, Marianna Beno and Ana Dobos for their devotion, dedication and never-ending patience.*

*The Rozmarin dancers are undoubtedly encouraged by your attendance at their events and sincerely appreciate your continuous support. Without the supporters and collective hard work of all the parents, this group's dreams would not be possible.*

*Today's special event is the highlight of the Rozmarin's 2008 season. The dancers are eager to showcase their talent in new routines that will be performed for you today, and we trust that you will enjoy the performance. The upcoming months will certainly be a very busy and exiting time for Rozmarin, as the dancers will be attending the Carrousel Villages in Windsor, Expo by the River and one of the biggest heritage festivals in Scarborough at the end of June.*

*In closing, I would like to sincerely thank all of the parents, teachers and children for their hard work. Many thanks to our generous sponsors and to Sts. Cyril's Parish for their numerous contributions and support. We look forward to and are delighted while we wait in anticipation of the many new wonderful adventures ahead.*

*Sincerely,*

*Vera Potocek*
